

Team WNBA Roster Selection

The selection process to determine Team WNBA for WNBA All-Star 2021 began with a combination of voting by fans (50 percent of the vote), current WNBA players (25 percent) and a national panel of sportswriters and broadcasters (25 percent) from June 15-27. From the list of the top 36 vote-getters who are not members of the U.S. Olympic team, WNBA head coaches selected the 12 players who will play for the Team WNBA All-Stars. Below is the pool of 36 players from which the head coaches made their selections.
